HKIES CPD Function

Latest Leica GNSS and scanning products for surveying applications

- Organizer:** The Hong Kong Institution of Engineering Surveyors (HKIES)
- Date:** 14 December 2018 (Friday)
- Time:** 19:00 – 20:30 (CPD hours 1.5)
- Venue:** ZN603A at the Hong Kong Polytechnic University
- Speaker:** Ms. Wing Lai (Leica Geosystems Limited)
- Language:** Cantonese (Supplement with English material)
- Admission:** Free of charge
(priority will be given to members of HKIES and supporting organizations)

Deadline for enrollment is 7 December 2018, please register before the deadline.

[E-CPD cert. is available to attendants, \$40 for HKIES and supporting organizations, and \$80 for non-member and walk-in-guests. No change will be given]

Abstract:

The world's fastest and easiest-to-use GNSS RTK rover would be introduced, the Leica GS18 T. This latest innovation combines GNSS and inertial measurement unit (IMU) being the first true tilt compensation solution that is immune to magnetic disturbances and is calibration-free.

Besides, a presentation of another product Leica RTC360 laser scanner would also be given. It makes 3D reality capture faster than ever before, low noise data allows for better images, resulting in crisp, high-quality scans that are rich in detail and ready to use in a range of applications.

All members and guests are welcome, and the number of participants is limited. Participants will be accepted on a first come first served basis. For enquiries, please call 5625 2312 or email to: cpd@hkies.org.hk.

Disclaimer: The Organizer(s) have not arranged any insurance coverage for any participants on any personal accident, property loss/damage or virus inflection arising from this CPD function. Participants should make their own insurance arrangement at their expenses. We reserve the right to change the date and venue at any time without prior notice.
