

HKIES CPD Function

Latest technology for mobile scanning application

- Organizer:** The Hong Kong Institution of Engineering Surveyors (HKIES)
- Date:** 31 August 2018 (Friday)
- Time:** 19:00 – 20:30 (CPD hours 1.5)
- Venue:** **ZN604** at the Hong Kong Polytechnic University
- Speaker:** Mr. Louis Li (Sigma Mascot HK Limited)
- Language:** Cantonese (Supplement with English material)
- Admission:** Free of charge
(priority will be given to members of HKIES and supporting organizations)

Deadline for enrollment is 24 August 2018, please register before the deadline.

[E-CPD cert. is available to attendants, \$40 for HKIES and supporting organizations, and \$80 for non-member and walk-in-guests. No change will be given]

Abstract:

Over the past few years, laser scanning technologies has been developed rapidly. Apart from terrestrial laser scanning, hand-held mobile scanner has become more popular because of its mobility and efficiency. The best application is mainly for 2~3 centimeter precision indoor and outdoor mapping with limited accessibility and/or very limited time available for the job. It has been found to be extremely useful in forestry, tree survey and topographic survey up to a scale of 1:500, and fast as-built BIM data capturing.

Mr. Li is a specialist in 3D laser scanning and would like to introduce the latest technologies for mobile scanning such as ZEB-REVO, GEXCEL HERON, Trimble MX9 and case sharing for various application.

All members and guests are welcome, and the number of participants is limited. Participants will be accepted on a first come first served basis. For enquiries, please call 5625 2312 or email to: cpd@hkies.org.hk.

Disclaimer: The Organizer(s) have not arranged any insurance coverage for any participants on any personal accident, property loss/damage or virus inflection arising from this CPD function. Participants should make their own insurance arrangement at their expenses. We reserve the right to change the date and venue at any time without prior notice.
